Revised December 2019
MISSOURI ELDERLY AND HANDICAPPED
TRANSPORTATION ASSISTANCE PROGRAM
(MEHTAP)

INTRODUCTION

The Missouri Elderly and Handicapped Transportation Assistance Program was created by
the 78th General Assembly in 1976 and amended in 1983 under state statute 208.260. The
purpose of this program is to provide state financial assistance to help defray operating
costs incurred by agencies providing transportation services to the elderly and handicapped
at below cost rates if matching local or private funds are available.

Funds are appropriated for MEHTAP by the Missouri General Assembly from General
Revenue funds and State Transportation funds and are administered by the Missouri
Department of Transportation (MoDOT).

MoDOT will reimburse a portion of the operating cost of approved transportation
projects. Local, matching funds must be provided by the applicant. Program regulations
are found in the code of state regulations 7CSR 10-7.010.

This document sets forth program rules, guidelines and application instructions.

ELIGIBILITY

Applicants must be incorporated as a not-for-profit corporation in Missouri or utilize the
transportation services of a not-for-profit corporation. Applicants must meet one of the
following criteria:

1. Be incorporated as a not-for-profit corporation in Missouri under the
   provisions of Chapter 355, RSMo; or

2. Provide or purchase transportation services as a public entity created by
   Senate Bill 40 or House Bill 351 tax measures.

ELIGIBLE EXPENSES

Eligible expenses include only direct transportation expenses including, operating,
vehicle maintenance and insurance costs.

PROGRAM FUNDS

Distribution of state assistance will be made on the basis of relative point scores
determined by the following criteria: need for service (maximum twenty-five (25) points),
trip purpose (maximum twenty-five (25) points), cost effectiveness based on yearly
statistical average cost per revenue mile and one-way passenger trips of all applicants
(maximum twenty-five (25) points), and cost and availability of alternative service (maxi-
imum twenty-five (25) points).

Federal, local, and private funds will be matched with program funds to defray
transportation operating losses for approved applicants by the following
procedures:

1. When an organization receives federal funds from a state agency and a cash match
is required, the commission will provide the cash match;

2. If federal funds are received directly from a federal agency and no state program or agency is involved, the commission will provide one-half (1/2) of any cash match, required by the federal program with the remaining one-half (1/2) being provided from other sources; and

3. The commission will match local or private funds on a dollar-for-dollar basis.

Area agencies on aging may use MEHTAP funds in combination with other transportation funds to provide transportation services or to contract with existing providers for service.

Fifty percent (50%) of the MEHTAP appropriation funding is reserved for Area Agencies on Aging.

The remaining 50% of the annual MEHTAP allocation is distributed to other eligible applicants. MEHTAP funds may cover up to 50% of the applicant's operating deficit minus federal funds, purchase of service contracts, rider fees, and designated donations.

Although MEHTAP funds can cover 50% of the applicant's net deficit, funding levels are usually not adequate to maintain this level of participation. Applicants should be financially prepared to provide more than 50% of their net deficit. Applicants that apply for MEHTAP matching funds for local/private or third-party funding must provide letters of commitment for the matching funds.

**PAYMENT OF FUNDS**

The Grantee should requisition funds on a monthly basis based upon actual costs. MoDOT will provide the necessary requisition forms. The monthly request shall not exceed 3/12 of the annual grant (minus retainage or withholding) unless a surplus of grant funds has accumulated in earlier months, or special arrangements have been made with MoDOT. Grantees should be aware that the reimbursement process is generally 30 days.

Expenses identified as purchase of service will require supporting documentation at time of submission of reimbursement request. All requests for funds require documentation for each expense.

Final requests for payment will be due before the end of the fiscal year, by June 10th.

**STANDARD AGREEMENT**

The standard agreement is a contract between MoDOT and the Grantee stipulating the terms and conditions of the project. The agreement must be executed by an authorized official as stipulated by the authorizing resolution.

**AUDIT**

Grantees must include funds awarded under MEHTAP as a specific income item in their regular audits and provide MoDOT with a copy of their audit reports as part of the
application process. Audits are needed only for agencies receiving greater than $750,000.00 of federal funds.

EMPLOYMENT OF UNAUTHORIZED ALIENS

For MEHTAP grantee agencies receiving $5,000 or more annually in MEHTAP funds, Missouri State Statute Section 285.530 RSMo requires grantee’s to be enrolled in a federal work authorization program and abide by the provisions contained in the MOU the grantee entered into with the US Department of Homeland Security. Agencies meeting this monetary threshold in awarded MEHTAP funds will be asked to submit a notarized Worker Eligibility Verification Affidavit and E-verify enrollment documentation with signed agreement.

APPLICANT DATA

This data provided will be utilized as part of the evaluation process; (1) number of trips provided, (2) the type of trip, (3) total miles, and (4) total cost. Trip purposes are prioritized as follow: medical, (2) employment, nutrition, education, and essential shopping (3) social, and (4) other. The ability and willingness of the applicant to coordinate its transportation services with other organizations is a positive evaluation factor.

APPLICATION INSTRUCTIONS

The following instructions are provided to assist MEHTAP applicants.
