Embedded Content Component

Employment Opportunities (Title)

(Summary text here)

Listed below are the job vacancies currently available with the Missouri Department of Transportation. MoDOT career opportunities are updated regularly.

Applications for specific job vacancies are kept on file until the job closes. The applicant profile is kept in the system and can be updated as needed.

Applications are reviewed after the closing date of the job vacancy. We take hiring very seriously and the process can at times be lengthy. Depending on the position it can take several weeks to fill a vacancy, but we believe it's worth it to ensure we are hiring the right person to join the MoDOT team.

MoDOT is an EEO/AA employer.

Embedded content may not be suitable for small screens.

Missouri Route 19 Resurfacing Project to Begin in Audrain and Montgomery Counties

MACON – Weather permitting, Monday, April 9th, Missouri Route 19 in Audrain and Montgomery Counties will begin to undergo a resurfacing project. Crews will be doing pavement and shoulder repairs, followed by cold milling and then resurfacing from the south junction of U.S. Route 54 to 0.20 miles north of Montgomery County Route B near Montgomery City. The length of the project will be approximately 16 miles.

“The last resurfacing project took place in 2005, so it was time to mill off the surface to help create a smooth driving surface with new asphalt,” said MoDOT Area Engineer Brian Haeffner.

Chester Bross of Palmyra, Missouri was awarded the contract for \$4,745,317. They have 140 calendar days to complete the project. Traffic will be reduced to one lane through the work zone while the work is completed. Message boards will be up notifying motorists of the upcoming work.

Motorists are encouraged to use caution when traveling through this area and obey all work zone signs and personnel. Remember always buckle up and put your phone down to eliminate distractions.

For more information contact MoDOT's Customer Service Center toll-free at 1-888-ASK MoDOT (275-6636). You can also visit us online at www.modot.mo.gov/northeast.
