## **ADDENDUM NO. 1 TO CLARK AVENUE BRIDGE 12550011 BRO B083 (26) PLATTE COUNTY, MO**

**November 2, 2016**

You are instructed to read and note the following described changes, corrections, clarifications, omissions, deletions, additions, approvals and statements pertinent to the Construction Documents.

Addendum No. 1 is a part of the Contract Bid and Construction Documents and shall govern in the performance of the Work.

### **Clarifications:**

1. The Notice to Contractor has been updated to now include – Federal Wage Rates:

(9) **PREVAILING WAGE (FEDERAL AND STATE):** This contract requires payment of the prevailing hourly rate of wages for each craft or type of work required to execute the contract as determined by the Missouri Department of Labor and Industrial Relations, and requires adherence to a schedule of minimum wages as determined by the United States Department of Labor. For work performed anywhere on this project, the contractor and the contractor's subcontractors shall pay the higher of these two applicable wage rates. The applicable state wage rates for this contract are detailed in "Annual Wage Order No. 23", that is attached to this bidding document. The applicable federal wage rates for this contract are the effective Davis-Bacon federal wage rates posted the tenth day before the bid opening date and are attached herein.

These supplemental bidding documents have important legal consequences. It shall be conclusively presumed that they are in the bidder's possession, and they have been reviewed and used by the bidder in the preparation of any bid submitted on this project.

2. The Pre-Bid Meeting Attendance Sheet and Meeting Minutes are here attached to this bidding document.

**ACKNOWLEDGEMENT:** Each Bidder shall acknowledge receipt of Addendum No. 1 by their signature affixed hereto and shall file Addendum No. 1 with their bid.

#### HEAVY AND HIGHWAY CONSTRUCTION PROJECTS

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.15 for calendar year 2016 applies to all contracts subject to the Davis-Bacon Act for which the solicitation was issued on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.15 (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2016. The EO minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the EO is available at [www.dol.gov/whd/govcontracts](http://www.dol.gov/whd/govcontracts).

=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

-----

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

#### Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

#### Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all

rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

#### Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

---

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor

200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

# PRE-BID MEETING MINUTES CLARK AVENUE BRIDGE REPLACEMENT Federal Project No. BRO B083 (26)

October 26, 2016 10:00 am

---

## 1. Welcome and Introductions

- a. City of Edgerton – Owner Point of contact is Walker Wagers.
- b. Platte County – Construction Manager Bob Heim is Project Manager & main point of contact for County.
- c. MoDOT – BRO Oversight Sean Partain is the MoDOT representative assigned to this project.
- d. GBA – Engineer of Record Cory Clark, Scott Moeder, and John Cooper are representing GBA.

## 2. Project Overview – Scott Moeder of GBA gave a brief overview of the project. He noted that the structure is a concrete slab on NU Girders, concrete corral rail transitioning over the wing walls, concrete approach slabs at both ends of bridge, big block retaining wall at the SW corner to protect existing oak tree, inlet box and storm pipe at south end of new bridge, pre-bore for piles at south end of bridge, & contractor is to remove the existing wood bridge planks and turn over to the City. Bob Heim with the County noted that the existing snow fence at the SE corner of the project is to be removed and replaced in the same location. Also advised contractor to look at JSP and appendix for information concerning the presence of lead based paint, no asbestos containing material was identified in the inspection done by KC Testing.

## 3. Specifications

- a. Bid Date, Time & Location Bids are to be submitted to the Platte County Clerk's Office, Rm #116, on November 7, 2016 by 9:30am. Bids submitted after this time will be returned to the contractor unopened. Bids will be opened and read aloud at the conclusion of the 10:00am Commissioners Administrative Meeting.
- b. Proposal Forms and Bid Bond Submit the forms in the specification book.
- c. Final Checklist Before Submitting Bid Use the Final Checklist found on Page 7 of the specifications to verify all requirements have been met prior to submitting the sealed bid.
  - i. E-Verify Form Must be submitted at time of bid.
  - ii. MOU Form Must be submitted at time of bid.
- d. Time of Completion – 90 Calendar Days Based on time frame to make bid award, prepare and sign contracts, gather bonds and insurance, etc., the contractor will most likely not be able to start the project prior to December 15, 2016. Therefore the County will set the start date at March 16, 2017 with completion to be June 13, 2017. However, due to the bridge already being closed to the public, at the contractor's option work may be performed between December 15, 2016 and March 15, 2017 without charge of calendar days – this is an incentive for the contractor to start work early. John Cooper of GBA noted that since this project is under one (1) acre, a SWPPP is not required. However, once work begins erosion control measures will need to be in place and regularly maintained to protect the site during inactive periods.
- e. Liquidated Damages - \$950.00/Day Liquidated damages will be assessed at the rate \$950/calendar day that work is incomplete after June 13, 2017. Damages should not be an issue with the option to begin work early.
- f. BRO Program All paper work, site work, etc. will be performed in a manner consistent with the Federal BRO Program.
- g. Buy America All steel materials and associated coatings will need to be certified as being manufactured in the U.S.
- h. OSHA Ten Hour Training Everyone working on this project will need to be certified as OSHA 10 Hour trained at a minimum.

4. Road Closing, Traffic Control, and Staging Area
- a. Road Closure/Traffic Control Signing – Maintained at all times, check daily
  - b. Local use access – There will be no thru traffic, but access to driveways must be maintained at all times
  - c. Construction access – Access for the contractor is via Clark Ave. only
  - d. Staging - Inside the easement area only. If additional lay down space is needed by the contractor, it will be the contractor's responsibility to enter into an agreement with an area property owner.
5. Right-of-Way, Easements and Utilities
- a. Public Maintenance & Temporary Construction Easements All work is to take place within the specified Temporary Construction Easement.
  - b. Electric – KCP&L has relocated power lines Line over the construction zone has been removed and power has been re-routed to maintain customer service.
  - c. Telephone – Century Link has relocated the existing overhead line to east side of structure.
  - d. Water – City will relocate if necessary. They will be on call to act quickly if necessary.
  - e. Gas – MGE has capped the line outside of project area, both sides of bridge. Service has been re-routed to maintain customer service.
  - f. Sanitary Sewer – None
  - g. Storm Sewer - None
  - h. Utility locates – Prior to any on site activity it will be the responsibility of the contractor to verify all utility locations.
6. Earthwork/Borrow Site – Environmental Clearance from DNR If borrow material is required, it will be the responsibility of the contractor to get an Environmental Clearance from MoDNR
7. Permits – Appendix A Contains the various permits acquired by the County and the KC Testing inspection report for Asbestos Containing Materials (ACM) and Lead Based Paint (LBP).
8. Testing and Inspections
- a. County shall be responsible for the following testing:
    - i. Concrete cylinders
    - ii. Soil density
    - iii. Asphalt density
  - b. Engineer shall be responsible for the following inspection:
    - i. Pre-bore for piling
    - ii. Pile driving
    - iii. Reinforcing steel placement
    - iv. Soil placement
    - v. All concrete operations
