

POPLAR BLUFF, MISSOURI

Route WW and Henry Street

Project Description: Removing the existing span wire signals and permanently installing Rectangular Rapid Flashing Beacons for the pedestrian crossing; and widening the curve radius at each corner and providing pedestrian refuge islands.

Impact: During work, motorists should anticipate potential lane closures and minor delays.

Tentative Letting: December 2027

Construction: Beginning as early as February 2028

Missouri Department of Transportation | Southeast District | 2675 North Main Street
Sikeston, MO 63801 | 1-888 ASK MODOT (275-6636) | www.modot.org/southeast

POPLAR BLUFF, MISSOURI

Business 60 and 9th Street

Project Description: The existing signal equipment will be replaced with an updated traffic signal. In addition, the project will add a left turn lane on Business 60 and pedestrian refuge islands on the south side of the intersection.

Impact: During work, motorists should anticipate potential lane closures and minor delays.

Tentative Letting: December 2027

Construction: Beginning as early as February 2028
