

MISSOURI ROUTE 59 (CLIFFSIDE DRIVE) STREAMBANK STABILIZATION & SIDEWALK IMPROVEMENTS IN NOEL

PROJECT FACTS

- Stabilize stream bank along Elk River on Route 59 between Elk River bridge and Butler Creek bridge
- Add sidewalks and improve pedestrian areas along same stretch of Route 59

CONSTRUCTION

- Construction to begin in 2023
- Considering schedule adjustment to avoid work and highway closures between Memorial Day & Labor Day
- Project completion may extend into 2024
- Estimated Total Cost: \$2,077,000

TRAFFIC IMPACTS

- Traffic control alternatives being considered:
- Complete 24/7 road closure with detour
 - One lane open 24/7
 - Complete closure with detour at night, one lane open during day
 - Complete closure Monday-Thursday, one lane open Friday-Sunday

ROADWAY FACTS

- Approximately 4,500 vehicles travel this stretch of Route 59 each day
- Traffic consists of poultry trucks, tourism, local traffic and significant pedestrian traffic
- Sidewalk improvements include upgrading railing on Butler Creek bridge to physically separate pedestrians from vehicular traffic
