Who is hosting the event?

Parent Committee

Date of event

2024-05-13

Please specify which type of event your school is having

Project Graduation

Please confirm that a lock-in event is occurring after your Graduation/Prom.

Yes

Location of event

Turkey Creek Ranch

Estimated number of students at event

14

Does your school have the required roadway safety activity/presentation planned yet?

No

Would you be interested in learning about the free roadway safety programs that MoDOT has to offer?

Yes

What activities will occur at the event?

During Project Graduation we will be playing games where our seniors will be able to win prizes. Prizes will include but not limited to TV's, gas cards, college supplies, necessities to help them kick off college, etc. We will also host raffles and door prizes for similar prizes. We will be serving dinner and lots of snacks for our kids to make this a fun and safe environment for them to celebrate this big day safely!

Clearly state your goal and action plan that will address drivers' safety issues in your

school

Our goal as the project grad committee this year is to remind our seniors the importance of safe driving. Beings that we are from a smaller area, our kids are not aware of the dangers that come with drunk driving as well as vehicle safety. In our small little Theodosia town, there's not one stop light, and nothing but two lane roads for miles. We believe that it is important to our children to remind them that there are important safety measures that come along with the privilege of driving, and that privilege can be taken away at any moment. Throughout the year, we will host driver safety meetings and driver's education videos and speakers that will be available to the entire school to inform our children the importance of safe driving. We also have teaching staff who enforce seat belts, and safe driving before our students leave school premises. Therefore, it is our goal to make sure that we provide the education to them before we let them go out to this big world. There will be someone there at project graduation lock in to educate the seniors with videos and a presentation!
