No

Would you be interested in learning about the free roadway safety programs that MoDOT has to offer?

Yes

What activities will occur at the event?

We will host Prom lock in after prom at the school. We will have about 220 kids. During the night we will have several games and activities for the kids to do. Last year we had golf, money grab game, an inflatable obstacle course, Bingo, cup pong, yard jenga, giant connect four. We also had our schools special ed Java Cats make each kid a drink and made a donation to them for ALS. We will also feed them from 11pm-5am. This requires alot of planning on the parents part. But we want our children to have a safe night free of drugs and alcohol.

Clearly state your goal and action plan that will address drivers' safety issues in your school

Our goal is to continue to educate our children on the importance of driver's safety and distracted driving. Too many kids lose their lives each year to nonsense of driving either distracted or just nonsense. We want our children to be safe and some children to do not have a parent that tells them the importance of safe driving. Alot of times they don't even think of their consequences and we want them to know
