Clearly state your goal and action plan that will address drivers' safety issues in your school

The goal of project prom is to provide a safe place for students to enjoy their after-prom. Our action plan is to keep them together as a group, and transport by bus to the off-campus

portions of the night. Before the event, we will host a presentation, possibly by MSHP, that deals with distracted driving and driving under the influence. Our ultimate goal is to instill the ability to make good choices behind the wheel in each student.
