Clearly state your goal and action plan that will address drivers' safety issues in your school

The Dexter High School Project Prom Program will implement a comprehensive Post-Prom Driver Safety Awareness program aimed at addressing and reducing the risks associated with

driving after the school's prom dance. This initiative focuses on raising awareness about the dangers of impaired and distracted driving, encouraging responsible behavior among students, and ensuring that all prom-goers have access to safe transportation options after the event. To significantly reduce the incidence of accidents and unsafe driving behaviors among students on the night of prom and in the days following, through education, proactive planning, and the provision of safe alternatives for transportation we will distribute informational materials to students and families about safe driving practices and the consequences of driving under the influence of alcohol or drugs.
