

Route D Bridge Replacement over US 67

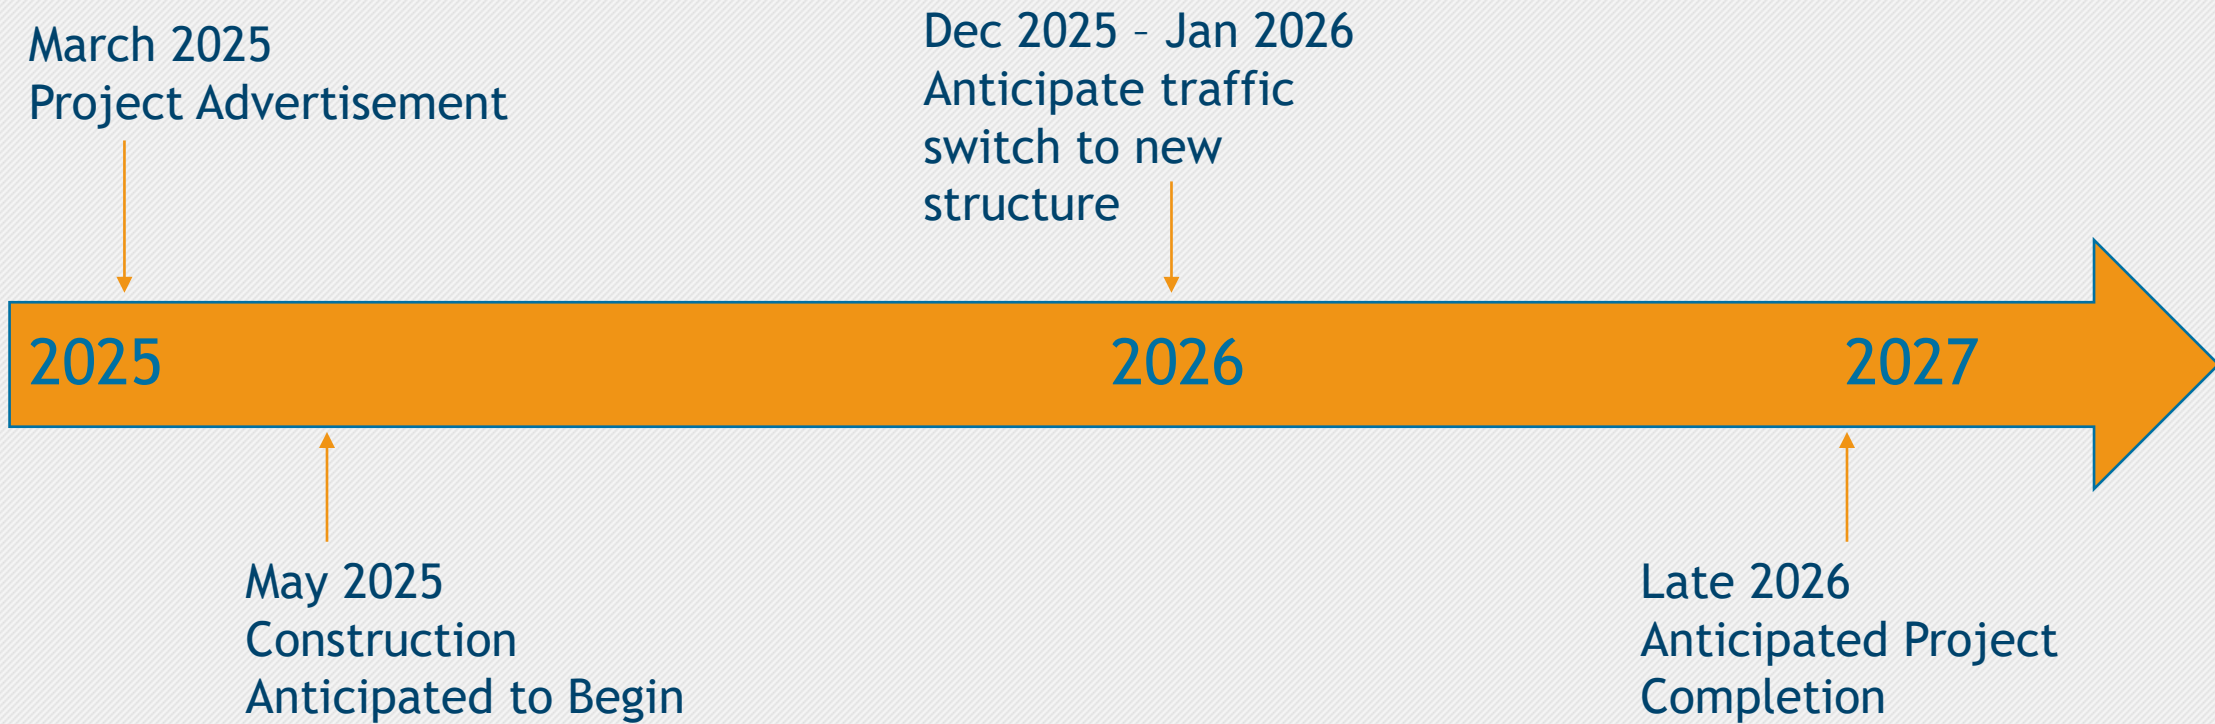

Stakeholder Meeting - Feb 19, 2025

Project Overview

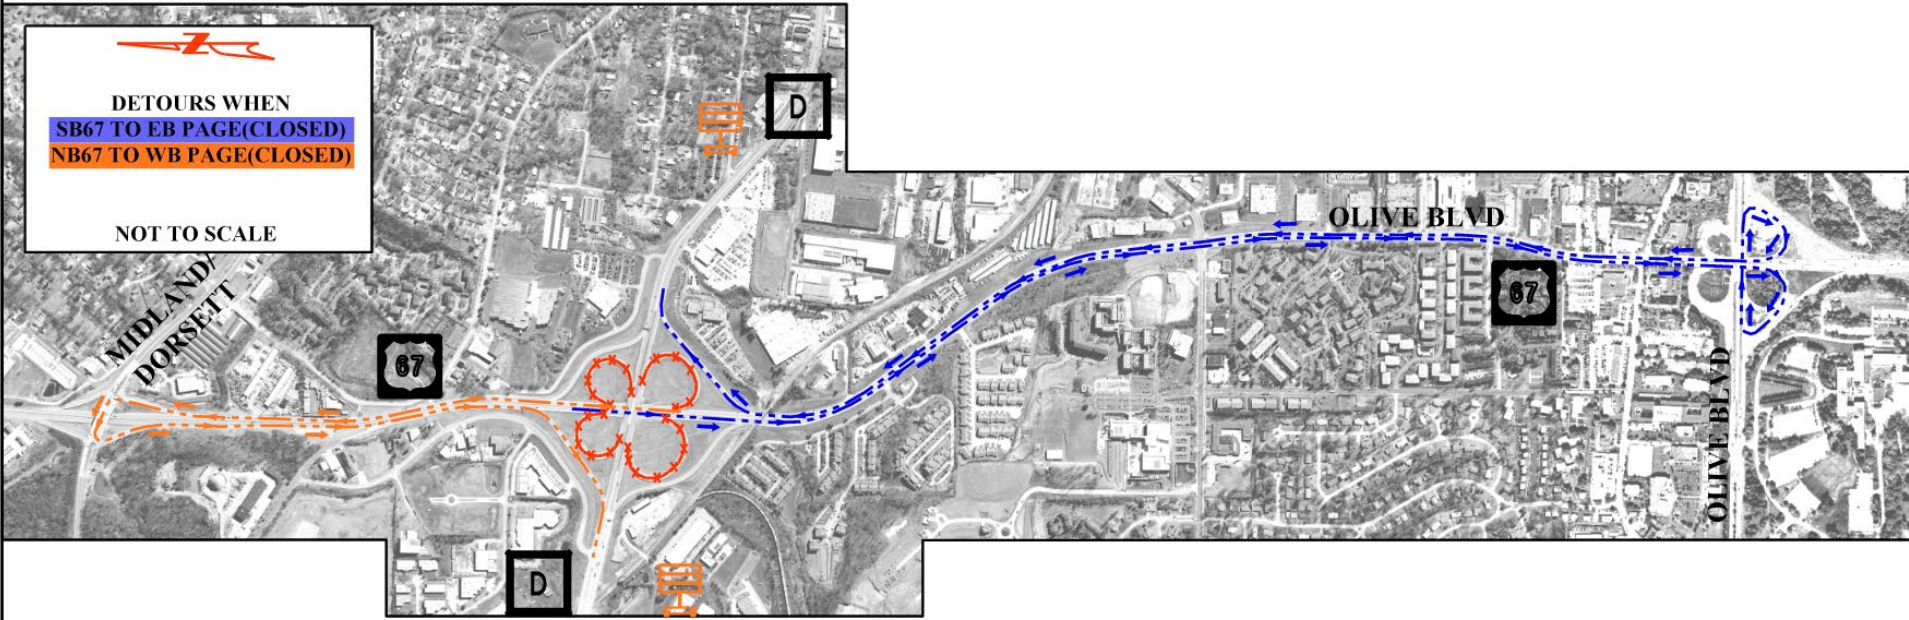

- Full replacement of existing Route D bridges over US 67
- New bridges will be raised slightly to meet vertical clearance standards
- Existing cloverleaf interchange will remain in place
- Other items included in the project: paving of the loop ramps, drainage improvements, guardrail updates, signage updates, and lighting upgrades
- Approximately \$10.5 million in construction costs

Schedule

Expected Impacts

- Through traffic on Route D (Page Ave) to be maintained during construction
- Through traffic on US 67 (Lindbergh Blvd) to remain open other than short weekend closures for bridge demo and girder setting activities
- Loop ramps will be closed during construction. Detours routes will be signed as shown on the next slides.
