Section I: Scope of Work

St. Charles County is seeking consultant services for optimization of signals within various corridors throughout the County. The signals have been broken into 4 projects as provided in Exhibit A. and Exhibit B.

The consultant will be responsible for all aspects of work needed to complete the following project requirements:

- Conduct kick-off meeting with maintaining agencies to obtain special requests and considerations;
- Perform thorough field investigation, survey, review & observation of existing corridor conditions;
- Obtain 15-minute turning movement counts for a minimum of eight (8) hours during the weekday and a minimum of eight (8) hours on Saturday at each intersection (to be approved by the maintaining agency);
- Obtain seven-day, 24-hour traffic counts for corridors (locations to be approved my maintaining agency);
- Develop signal timing plans as needed (consider an AM, MD, PM, Off-Peak, Saturday MD plan as a minimum);
- Build of Synchro, TruTraffic models for signal systems;
- Perform pre-project travel time runs;
- Review locations with excessive delays;
- Develop signal clearance and pedestrian timing as needed;
- Analyze left turn TOD (FYA) and implementation;
- Prepare a pre-implementation memo including at a minimum Day Plan Schedule, Synchro Timing Report and Time Space Diagram;
- Field implementation of signal timing plan;
- Perform observations following implementation making adjustments as needed;
- Respond to customer service calls regarding complaints and make adjustments;
- Perform post-project travel time runs;
- Complete field observation sheets; and
- Prepare a final report including at a minimum: arterial analysis (arterial travel times, delays, avg. speeds, number of stops, arterial LOS, etc.) and intersection analysis (movement delays, queuing, LOS, etc.). Atypical corridor problem movements/locations should also be noted. This report will also identify improvements to the corridor in terms of annual reductions in fuel consumption costs and vehicle pollutant emissions. Short derivation of values obtained must be included, such as formulas used and where obtained.

The consultant will also be responsible for project documentation and submittals associated with a federal aid project including but not limited to field logs and diaries, reimbursement requests, and other submittals as required by MoDOT’s local road program.

Section II: Qualifications for the Project

1. **Letter of Interest.** The responding firm must provide a letter of interest for each project of interest. Each letter shall be limited to three pages maximum. This letter should include a statement to indicate your firm’s understanding of the project. It should also include any other information which might help us in the selection process, including key personnel you would assign to the project and the backgrounds of those individuals, and any sub-consultants you would propose to use, and an indication of your firm’s approach to promoting and developing a diverse workforce. The letter must include name, phone number, and email address of the person who the County should contact in the event that questions arise regarding the firm’s submission.

2. **Qualifications.** Please attach up to three pages with detailed information on similar projects that your key personnel have worked on. Indicate the role your key personnel played in the projects and include reference contact information.

3. Disadvantage Business Enterprise (DBE) List (DBE Goal 8%)

4. Statement of Qualification (RSMo 8.285 through 8.291)

5. Affidavit of Compliance with the Federal Work Authorization Program

6. E-Verify Memorandum of Understanding (15 CSR 60-15.020)

Section III: Evaluation Criteria

Partners of the Gateway Green Light will evaluate firms based on:

- Past Performance – signal optimization projects of similar size and scope (maximum of 35 points)
- Qualifications of Personnel Assigned – qualities/experience of individual employees to be designated to the various tasks for this specific job (maximum of 25 points)
- Familiarity/Capability – basic technical/engineering knowledge of the corridor(s), suggesting rudimentary traffic countrol strategies for improvements and offering mitigation strategies for saturated conditions when applicable (maximum of 15 points)
- General Experience of Firm – similar types of signalized corridors of size and volumes and/or related type work of the many tasks of signal optimization (maximum of 15 points)
- Accessibility of Firm and Staff – knowledge/aquaintance of the area and/or previous responsiveness of local needs (maximum of 10 points)

Firms will be evaluated based on satisfaction of scope requirements and deliverables. Remote communication to the Gateway Green Light signal database system is required.

**Section IV: Selection Procedures**

Consultants will be selected by St. Charles County and its project partners, which include MoDOT and local jurisdictions, after analysis of all information provided in the proposals. Interviews and presentations will not be required.

This request does not commit the County to award a contract, to pay any costs incurred in preparation of a response to this invitation, or to procure or contract for services or supplies. The County reserves the right to accept or reject any or all responses received as a result of this request, or to cancel this request in part or in its entirety if it is in the best interest of the County to do so. Respondents shall not offer any gratuities, favors or anything of monetary value to any officer, employee, agent, or director of the County or its project partners for the purpose of influencing favorable disposition toward either their proposal or any other proposal submitted as a result of the Request for Proposals.

The County reserves the right to suggest to any or all respondents to this RFQ that such respondents form into teams or organizations deemed to be advantageous to the County in performing the scope of work. The County will suggest the formation of such teams when such relationships appear to offer combinations of expertise or abilities not otherwise available.

Respondents have the right to refuse to enter into any suggested relationship.

All proposals submitted hereunder become the exclusive property of the County.
Exception Sheet

If the item(s) and/or services proposed in the response to this Request for Qualifications is in any way different from that contained in this Request for Qualifications, the Firm is responsible to clearly identify all such differences in the space provided below. Otherwise, it will be assumed that the Firm’s offer is in total compliance with all aspects of the proposal or Qualification.

Below are the exceptions or differences to the stated specifications (attach additional sheets as needed):
