**SECTION (1):  
GENERAL DESCRIPTION AND BACKGROUND**

**(A) Request for Proposal:** This document constitutes an RFP from qualified organizations to conduct the TR202321 Calculating the Cost of Downtime for MoDOT Equipment study for the MHTC and Missouri Department of Transportation (MoDOT).

**(B) Background:** The Missouri Department of Transportation (MoDOT) maintains the 7<sup>th</sup> largest highway system (33,830 miles) in the nation. Maintaining and repair of this system requires an extensive fleet of equipment and staff readily available to carry out these tasks. The cost of having equipment and staff readily available to maintain/repair the highways is extremely expensive. MoDOT has a dedicated staff of mechanics keeping the equipment in safe and operable condition, but breakdowns are inevitable and sometimes happen on the jobsite. When this happens, it can shut down or delay jobs for hours or days if repairs can't be performed in the field and requires it to be repaired in another location. MoDOT's staff performs daily activities utilizing this equipment and tools, these activities are performed in a wide variety of weather and traffic conditions. MoDOT's goal is to determine the monetary cost to the department and the Missouri citizens when a breakdown occurs.

**(C) Fiscal Year:** MoDOT's fiscal year runs from July 1-June 30.

**(D) Contract Period and Budget:** The contract period will run for **18 months** and budget not to exceed **\$150,000**.

**(E) RFP Schedule:** The following RFP Schedule of Events represents MoDOT's best estimate of the schedule that shall be followed. The time of day for the following events shall be between 7:30 am and 4:00 pm, Central Standard Time. MoDOT reserves the right at its sole discretion to expand this schedule, as it deems necessary, without any notification except for the deadline date for submitting a proposal.

**(F) Project Schedule:** The following is an estimate of the project timeline or information on key dates within the project, presuming the project starts **May 17, 2023**. Proposals need to include a work plan with a proposed timeline. While alternative timelines will be considered, an extension is unlikely. The project timeline will be finalized during the contracting phase.
