

Group Term Life Insurance

What is Group Term Life?

Group Term Life insurance provides affordable protection that is available for a specified period of time. The benefit would be paid if the insured were to die during that “term”.

What is Group Term Life insurance?

Group Term Life insurance provides someone with a base level of insurance protection. You can buy large amounts of insurance, at a reasonable cost. There is no cash value build up.

Once you stop paying the premiums on this coverage, it stops (similar to the workings of auto insurance).

This coverage can be enhanced by your personal savings, individual life insurance, and social security benefits. If a benefit were to be paid to a beneficiary, it is generally paid income-tax free.
