Plans and specifications are currently available at <http://modot.indoxservices.com/> for you to download and preview.

This project is a 3 job required combination which includes grading, drainage, optional pavement and bridges. The purpose for the meeting is to discuss how the terrain, accompanied with the presence of the railway, has created some confined working parameters and limited access to the sub-structure for Job J9S2220. A representative from BNSF, is scheduled to be present.

Project contact: Gidget Mott (573-526-8099)

Please review the plans and come prepared to comment. Attendance is not required but strongly recommended.
