**QUESTION:**

As indicated on your request for bid the self-serve wash bay equipment does not have a hot water module. However, on page 22 of the architectural drawings there is an LP line to be used for MODOT provided steam cleaner. Should the request for bid include a hot water module? Is the wash module going to be supplied with hot water from another source?

**MODOT RESPONSE:**

No hot water needed for the car wash at this time.
