ADDENDUM 001 Request for Bid Vertical Polyethylene Liquid Storage Tanks RFB 5-140214KH

Bidders should acknowledge receipt of Addendum 001 (ONE) by signing and including it with the original bid. The due date for receipt of bids **has** changed by this Addendum; the due date is **February 21, 2014 2:00 PM Local Time**. Accordingly, the following clarifications, and or additional information, are believed to be of general interest to all potential Bidders. All other terms and conditions remain unchanged and in full force.

Name and Title of Signer (Print or type)	Name and Title of Department Authority Kristi Hixson General Services Senior Specialist
Contractor/Offeror Signature <hr/> (Signature of person authorized to sign)	Department of Transportation <i>Kristi Hixson</i> <hr/> (Authorizing Signature)
Date Signed:	Date Signed:2/10/2014

Question #1

Are the prices sought supposed to be FOB manufacturer's plant? If not, and you mean to have delivered costs, we would need to have a complete list of delivery locations, for each of the districts, including if there are multiple possibilities within each district. The necessary information is the zip codes involved.

Response:

The prices are FOB to various MoDOT locations. Attached is a listing of all MoDOT maintenance facilities.

Our mission is to provide a world-class transportation experience that delights our customers and promotes a prosperous Missouri.

www.modot.org

Question #2

Concerning accessories to be included, we have found that tanks going to the NW part of the state (we sell many to the KC area) never require UBC-110 restraints, while those to the Bootheel area do. Are they necessary?

Response:

The products must meet the MGS 93-02F specifications.

Question #3

Is it correct to assume the chemical storage is for brine (NaCl salt solutions)?

Response:

Yes, brine is stored in these tanks as well as other liquids such as beet juice, liquid calcium chloride, etc.

Question #4

On the pricing pages (7-10), under each District, there is a single space for model #, height, diameter and gallons. But each of the six tanks has different numbers for each of those items. How do you want this filled in?

Response:

Please replace pricing pages with the updated pricing pages attached.

Question #5

Is there some way to find out whether these types of tanks have been purchased by state offices in the past three years?

Response:

If you're interested in information for other state agencies, you will need to request from those agencies.

This information is not readily available. The following are approximate purchases MoDOT has made in the past three years:

Northwest - 0

Northeast - 15

Kansas City – not available

Central District - 0

St. Louis - 1

Southwest - 0

Southeast - 25
