**Question:**

We have the quote 5-131018KH for prescription safety eyeglasses. In this quote you asked for 80 providers and that's 10 at each district. Can you tell us please if the current vendor has 80 providers and how many frames are in your current program?

**Response:**

No, I'm not able to provide the requested information. To clarify, MoDOT only has seven (7) districts; Central District and Central Office cover the same area.

**Question:**

For clarification. Many of the Providers within our network require a dispensing fee for fitting and adjusting the finished prescription eye wear. Would this be a fee that MoDOT would pay or would that fee be up to the employee to pay along with the exam? This fee is not typically paid through insurance. If MoDOT is paying the dispensing fee would that be included in the fixed price per pair requested in the RFB?

**Response:**

If providers require a dispensing fee, that amount should be included in the fixed price per pair.
