ADDENDUM 003
Request for Proposal
FACILITIES ACCESS CONTROL SYSTEM (FACS) AND SERVICES
RFP 6-130306RJ

Offerors should acknowledge receipt of Addendum 003 (THREE) by signing and including it with the original proposal. The due date for receipt of proposals has not changed by this Addendum. Accordingly, the following clarifications, and or additional information, are believed to be of general interest to all potential Offerors. All other terms and conditions remain unchanged and in full force.

Name and Title of Signer (Print or type)	Name and Title of Department Authority Rebecca L. Jackson, CPPO, CPPB General Services Procurement Manager
Contractor/Offeror Signature <hr/> (Signature of person authorized to sign)	Department of Transportation <i>Rebecca L. Jackson</i> <hr/> (Authorizing Signature)
Date Signed:	Date Signed:03/08/13

Delete Original Exhibit 2 and Replace with the Attached Pricing Page

Due to the complexity of this project and the degree of unknowns, the cost evaluation will be based upon unit pricing and other information provided with a maximum contract value not to exceed amount. The project manager is responsible for ensuring that the total contract value will be fairly divided between the seven districts and central office.

Once awarded, the Offeror is required to visit each site within each district to make a final determination of the components required, labor costs and time required to complete a fully functional system for each district and central office. The site visits and project completion schedules will be agreed upon by the MoDOT and Offeror project managers.

Labor will be paid using the applicable prevailing wage rates, percentage mark up over prevailing wage rates and the actual number of hours required for the installation.

Our mission is to provide a world-class transportation experience that delights our customers and promotes a prosperous Missouri.

www.modot.org

In addition to the unit pricing required on the attached pricing sheet, Offerors must also submit any additional pricing necessary for the installation of the proposed solution as well as the following items:

	Average Time to Install	Trades Typically Used to Install
Magnetic Strike		
Electric Strike		
Push Button		
Panic Bar		
Keypad		
Proximity Reader		
Wireless Reader		
Long Distance Reader		
Card Reader Pedestal		
Garage Door Contact		
Access Control Host		
Access Control Server		
Access Control Panel		
Router or Switch		
Converter		

Offerors are responsible for presenting any additional costs for the complete installation of this system that may not have been specifically requested. Attach any required pricing sheets and include your company name, signature and date on each sheet.

Based upon the information included in this RFP and applicable addendum, what is the maximum not to exceed cost for the completion of this project:

\$_____

Based upon the information included in the RFP and applicable addendum, how long would it take to install a project of this magnitude:

Proposals must be returned to the offices of Central Office General Services Procurement no later than 2:00 p.m. (CST), **March 20, 2013.**
