The award language for section a of 8.6 Contract Award is updated as follows:

- a. Award of this bid will be made by low bid by county or by District or a combination thereof. In order to allow for a District bid, bidder must provide a bid for all counties within said District. The individual county bids and District bid will be evaluated to determine the lowest overall cost. To make this determination, the sum of the total lowest bid amounts for each county (total lowest bid per county to be calculated as the total unit quantities per county multiplied by the respective low bid per unit for that county) will be compared to the total lowest bid for the District encompassing the respective counties (total lowest bid for the District to be calculated by multiplying the total unit quantity for the District by the respective lowest bid per unit for the District). *Reference Attachment A for an award determination example.*

Attached is a revision to Attachment A, for corrections to replace the = signs with + signs as required in the Combined County Total,

Our mission is to provide a world-class transportation experience that delights our customers and promotes a prosperous Missouri.

Attachment A

Example: Award Determination

	Tons	Bidder A	Bidder B	Bidder C	Bidder D
Cass	30,000	\$45.00	\$45.50	\$46.00	\$47.00
Clay	10,000	\$47.00	\$45.50	\$41.00	\$45.00
Jackson	15,000	\$46.50	\$46.00	\$44.00	\$47.00
KC District Bid	55,000	\$42.00	NA	\$42.50	\$45.00

District Total = 55,000 tons x \$42.00/ton = \$2,310,000.00

Combined County Total = (30,000 X \$45.00) + (10,000 X \$41.00) + (15,000 X \$44.00) = \$2,420,000.00

District Total is less than the Combined County Total and award will be to the District bid from Bidder A at a rate of \$42.00/ton
