2. SCOPE OF WORK

2.1 General Requirements:

- 2.1.1 The Bidder shall provide traffic lighting parts (hereinafter referred to as “parts”) on an as needed, if needed basis for the Missouri Highway and Transportation Commission (MHTC) and Missouri Department of Transportation (MoDOT), in accordance with the provisions and requirements stated herein.
- 2.1.2 The Bidder shall provide all parts to the sole satisfaction of MoDOT.
- 2.1.3 No estimated quantities are included as a part of this bid. Orders will be placed on an as needed, if needed basis by the districts.
- 2.1.4 MoDOT reserves the right to obtain “like or similar” products as specified herein from other manufacturers, exclusive of the contract, when use of such products is deemed in the best interest of the MoDOT.
- 2.1.5 Unless otherwise specified herein, the contractor shall furnish all material, labor, facilities, equipment, and supplies necessary to provide the parts required herein.

2.2 Specific Requirements:

- 2.2.1 All products shall conform to the latest revision of Section 1091 of the Missouri Standard Specifications for Highway Construction and the Missouri Standard Plans for Highway Construction. ***See Appendix A.***
- 2.2.2 Unless otherwise specified herein, only items on the latest revision of the Missouri Department of Transportation Approved Products List for Traffic Signals and Highway Lighting Equipment will be accepted. ***See Appendix B.***
- 2.2.3 ***See Appendix C*** for Sign Lighting Fixture specification.
- 2.2.4 If a category is not on the Approved Products List, specifications shall be submitted to compare with MoDOT specifications.

2.3 Delivery Requirements:

- 2.3.1 The Bidder shall provide the parts to the Districts located throughout the State of Missouri. ***See Attachment Map.***
- 2.3.2 Parts must be delivered within 30 to 45 calendar days after the issue date of the purchase order, with the following exceptions:
 - a. Transformer bases must be delivered within 80 calendar days after the issue date of the purchase order.
 - b. Poles must be delivered within 90 calendar days after the issue date of the purchase order.
- 2.3.3 Failure to deliver in the specified delivery time will give MoDOT, at its discretion, the right to cancel any outstanding orders and/or the remainder of the contract.

2.4 Liquidated Damage Requirements:

In the event the successful Bidder fails to deliver within the time specified, the Department and the public will sustain damages because of such delay in delivery, the exact extent of which would be difficult to ascertain, and in order to liquidate such damage in advance it is agreed that the **sum of ten percent (10%) per day, per order**, for each assessable calendar day on which the delivery has not been completed, is reasonable and the best estimate which the parties can arrive at as liquidated damages, and it is therefore agreed that said amount will be withheld from payments due the Contractor or otherwise collected from the Contractor as liquidated damages. **Liquidated damages are not to exceed eighty percent (80%) of the value of the total order.**

- 2.5.1 The Bidder shall submit an itemized invoice to the applicable requesting address upon the completion of delivery.
- 2.5.2 The Bidder shall be paid in accordance with the firm, fixed prices stated on the pricing page of this document, after completion of delivery and acceptance by MoDOT.
- 2.5.3 Other than the payment specified above, no other payments or reimbursements shall be made to the Bidder for any reason whatsoever.
- 2.5.4 MoDOT is exempt from paying Missouri Sales Tax, Missouri Use Tax and Federal Excise Tax.
- 2.5.5 Unless otherwise provided for in the solicitation documents, payment for all equipment, supplies, and/or services required herein shall be made in arrears. MoDOT shall not make any advance deposits.
- 2.5.6 MoDOT assumes no obligation for supplies shipped in excess of the quantity ordered. Any authorized quantity is subject to MoDOT's rejection and shall be returned at the Bidder's expense.
- 2.5.7 MoDOT reserves the right to purchase goods and services using the state-purchasing card.

2.6.1 **Contract Period** - The contract shall commence from the date of Notice of Award until March 31, 2017.

2.6.2 **Inspection Specifications** - MoDOT reserves the right to inspect the material at the point of manufacture, intermediate storage point, or at a destination which shall be at the discretion of MoDOT.

3.1.1 All bids should be received in a sealed envelope clearly marked “**Traffic Lighting Parts**”.

3.1.2 All bids must be received at the following address no later than 2:00 p.m. Central Time, April 1, 2016.

830 MoDOT Drive
Jefferson City, MO 65109

- 3.1.3 Bid Review - Bids will be reviewed to determine if the bid complies with the mandatory requirements and to determine the lowest responsive bid.
- 3.1.4 Cost Determination - The low bid shall be determined by reviewing the line items in each group to ensure pricing was submitted on all items. A sum of the unit prices will determine the total for the group.
- 3.1.5 Contract Award – The contract will be awarded to the lowest responsive bidder determined as specified above.
 - a. Award of this bid will be made on a “Group-By-Group” basis and by using the “lowest and best” principle of award, providing the prices are acceptable to MoDOT.
 - b. To be considered responsive for a group, pricing must be submitted on all items within a group.

- c. Notification of award will be at the time the tabulation is posted on the Internet. It is the sole responsibility for the bidder to check the website for bid results.
- d. In the event of tie low bids, MoDOT reserves the right to establish the method to be used in determining the award.

3.1.6 Open Competition / Request For Bid Document:

- a. It shall be the bidder's responsibility to ask questions, request changes or clarification, or otherwise advise MoDOT if any language, specifications or requirements of an RFB appear to be ambiguous, contradictory, and/or arbitrary, or appear to inadvertently restrict or limit the requirements stated in the RFB to a single source. Any and all communication from bidders regarding specifications, requirements, competitive bid process, etc., must be directed to the buyer from MoDOT, unless the RFB specifically refers the bidder to another contact. Such communication should be received at least three (3) working days prior to the official bid opening date.
- b. Every attempt shall be made to ensure that the bidder receives an adequate and prompt response. However, in order to maintain a fair and equitable bid process, all bidders will be advised, via the issuance of an amendment to the RFB, of any relevant or pertinent information related to the procurement. Therefore, bidders are advised that unless specified elsewhere in the RFB, any questions received less than five (5) working days prior to the RFB opening date may not be answered.
- c. Bidders are cautioned that the only official position of the State of Missouri is that which is issued by MoDOT in the RFB or an amendment thereto. No other means of communication, whether oral or written, shall be construed as a formal or official response or statement.
- d. MoDOT monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among bidders, price-fixing by bidders, or any other anticompetitive conduct by bidders which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.
