**SECTION 1:
GENERAL DESCRIPTION AND BACKGROUND**

(A) Request for Proposal: This document constitutes a RFP from prospective qualified Offerors to provide On the Job Training Supportive Services (**OJT/SS**) to the Commission and MoDOT, as set forth in this RFP.

(B) Background: MHTC is seeking a qualified Offeror who can provide an increase in the total number of minorities, women, and disadvantaged individuals throughout Missouri and surrounding areas, participating in Federal-aid highway projects to fulfill the on-the-job training (**OJT**) positions. It is the intent of this RFP to have the successful Offeror enter into a Services Agreement with MHTC (hereinafter “**Resulting Agreement**”), to supply the OJT Supportive Services as outlined herein.

MoDOT received funding from the Federal Highway Administration (**FHWA**) for OJT/SS, which intended to directly impact the local economy by increasing employment opportunities for minorities, women and economically disadvantaged individuals. The OJT/SS project provides educational experiences to enhance work maturity skills, General Education Development (**GED**) attainment, tools, equipment and vocational training and national certification to enter long-term employment in highway/heavy construction and any other training programs that will assist minorities, females and economically disadvantaged individuals into the heavy highway industry in Missouri.

The award of contract(s) for the OJT/SS will be determined and funded by FHWA. An award of the contract for providing the OJT/SS services in the St. Louis area will be made to the successful Offeror in the amount of \$54,738.33. For the purposes of the award of this RFP in the St. Louis area, the St. Louis area will be defined as that geographic area within a 45 mile radius from the MoDOT St. Louis District Office located at 1590 Woodlake Drive, Chesterfield, MO (hereinafter, “St. Louis area”). An award of the contract for providing OJT/SS services in the Kansas City area will be made to the successful Offeror in the amount of \$54,738.33. For the purposes of the award of this RFP in the Kansas City area, the Kansas City area will be defined as that geographic area within a 45 mile radius from the MoDOT Kansas City District Office located at 600 NE Colbern Road, Lee Summit, MO (hereinafter, “Kansas City area”). An award of the contract for providing OJT/SS services in all other areas outside of the St. Louis area and the Kansas City area (hereinafter, “outstate area”), will be made in the amount of \$54,738.34. The award of the contract pursuant to this RFP may be to multiple vendors based upon the responses received. If one or more of the responses from a designated area (Kansas City, St. Louis, or outstate) are deemed insufficient to merit a contract award, the MHTC reserves the right to distribute the award among the successful vendor(s) in their respective area(s) as well as increasing the number of students to be served.

MoDOT operates as a customer focused and results driven, state agency under a decentralized organization structure with headquarters in Jefferson City, and is governed by the MHTC, a six (6) member Commission appointed by the Governor. The Central Office provides oversight and support to seven (7) geographical districts primarily responsible for delivery of MoDOT’s mission and tangible results.

Each district contains approximately fifteen percent (15%) of the total road mileage in the state highway system. MoDOT employs approximately 5,100 full-time employees. About eighty percent (80%) of those employees work in the seven (7) districts with the remainder working in the various divisions with the Central Office facility.

(C) Contract Period: The Contract Period for the performance of the services described in this RFP is from the date of the fully executed Resulting Agreement through one year after. The successful Offeror shall perform any and all the services listed herein as often as requested by MHTC for the entire duration of the Contract Period as defined herein at the Guaranteed-Not-To-Exceed Prices submitted by the successful Offeror in response to **SECTION 6: PRICING PAGE** of this RFP.

(D) Schedule of Events: Below is the schedule that will be followed. Unless otherwise specified, the time of day will be 7:30 a.m. to 4:00 p.m. Central Time. SECTION 6: PRICING PAGE

The Offeror shall provide a guaranteed, not-to-exceed total price for OJT Supportive Services. All costs associated with providing the required services shall be included in the stated guaranteed, not-to-exceed total prices.

In addition, the Offeror shall provide an itemized breakdown of each of the guaranteed, not-to-exceed total prices detailing the services involved and the costs associated with the services. Offeror may use additional pages if necessary.

Budget Summary and Narrative

The OJT/SS program budget must be linked directly to the program's objectives. In order to achieve the objectives, the OJT/SS program will implement a series of services/activities. The line items in the budget are the costs of what is necessary to carry out the OJT/SS services/activities and which will lead to the program objectives being successfully achieved. These line items need to be specific and include dollar amounts.

Budgets must be reasonable and not exceed 85/15 direct/indirect costs. This summary should include a table as well as details on what specific items and dollar amounts will be a part of the budget and include:

- Main budget line item categories as well as sub-categories under the main budget must include **Personnel/Fringe**: identify specific positions, proposed duties/tasks associated with the position and dollar amount for that position. Salary for administrative/clerk staff will not be eligible for reimbursement. Salaries reimbursed will only include activities directly related to work performed on behalf of the OJT SS program. Fringe benefits must identify benefits that will be included such as FICA, Pension, Health Insurance, etc. Personnel/Fringe cannot exceed 38% of the total award amount in the RFP. Wage reimbursements for students who work for contractors prior to graduation from the program are eligible. The client/student wage will include wages (at least minimum wage), taxes, FICA and Worker's Compensation. Each student must be covered under FICA and Worker's Compensation. The amount of hours worked by each student under this line item shall not exceed 120 hours per client/student. The total line item for client/student reimbursement shall not exceed \$7,700. If client/student wages are not used under this line item, the \$7,700 shall be moved to the student training line item. **Travel**: The following costs will be allowed: costs to cover gas, food, lodging, conference related registrations and certifications for OJT/SS staff during conference travel relating to the OJT Program. Local travel is included for staff to conduct job development with employers, as well as transportation of staff and participants to worksites, job interviews and training sites. In

addition, student travel will include fuel and lodging for the first four weeks the students are placed and working for heavy highway contractors. Meal reimbursement for students and staff will not be allowed. Fuel and lodging will only be permitted if the student/staff is traveling more than 60 miles from their primary residence. The reimbursement rate will be based upon the State of Missouri fleet rates. Fuel/mileage will be reimbursed for students traveling to/from work, not to exceed \$50 per week for a maximum of \$500 per student. Mileage documentation must be submitted from the student's home to their work location. Payrolls must be submitted to verify work location and the number of hours/days worked by the student. Mileage reimbursement will be based upon the MoDOT fleet rate of 26 cents per mile. In addition, reimbursement will be provided to entities that assist students with minor automobile repair not to exceed \$250 per student. Minor repair shall include the costs associated with tire repair, minor automobile repair or roadside assistance. In order to receive the reimbursement, students must be working in the heavy highway industry and must have a job secured. These line items are considered a direct cost. **Administrative/Office Expenses:** The following costs will be allowed rent/leasing occupancy, utilities, janitorial services and landline telephone expenses, marketing, advertising, internet service fees, and general office supplies such as copy paper, toner, ink pens, and postage. Marketing/advertising is limited to recruiting students for the OJT SS program. Excludes cell phone services. This line item is considered a direct cost. **Tools and Safety Equipment:** The following costs will be allowed: general hand tools, pipe lasers and targets, tripod levels, level rods, smart levels, transit systems, builder's transit, digital levels, and rotary laser levels. Any equipment purchased that has a value exceeding \$100.00 would be required to be returned to MoDOT upon completion of the funding year. The equipment would be returned to MoDOT no longer than 30 days after the performance period ended. These line items are considered a direct cost. **Student Supplies/Training/Other:** will include tools to be purchased for graduates for use in their employment in the Highway/Heavy Construction field. Tools include, but are not limited to: sledge hammer, levels, tool pouch, angle square, wrecking bar, and concrete tool kits. In addition, text books, manuals, and testing material to obtain certifications and training knowledge of the heavy highway industry. Protective Gear includes, but is not limited to: weather appropriate steel toed boots, reflective vests, hard hats, gloves, goggles and earplugs for students and staff. No blue jeans, uniform pants or t-shirts will be eligible for reimbursement. Drug Awareness Training, CPR & First-Aid Certification, OSHA Certification, Flagging Certification Training and Commercial Driver's License training, including CDL license and permit fees. Certifications must

be attained by students in each of these areas or reimbursement will not be eligible. Pre-approved annual dues for student related OJT SS programs. Training and education of employees in the area of the program. Random preliminary drug testing and laboratory confirmations for all students, as well as a medical screening (physicals) for all new students to ensure that they are physically equipped to work in heavy highway construction (not to exceed \$100 per student). Meeting and graduation supplies (excluding food). Child care assistance for approved daycare facilities. Computer Software/Hardware Licenses and Maintenance fees (not for the purchase of new computers, printers, etc.) These line items are considered a direct cost.

Reimbursement will be given to the entity in the amount of \$1,800.00 for every student who is placed and retained for at least 30 days on MoDOT federal-aid project (a maximum of 10 students in each area of the state). The reimbursement will also apply to any prior trainee, apprentice or journey-level employee that was currently not working and was placed on a federal-aid project. Documentation of employment retention must be submitted. Certified payrolls or other documentation identifying the continuous work of the student on the project must be submitted with the invoice.

- Entity must identify in-kind contributions and/or services; if in-kind funding amounts are not listed, the entity will not be considered for award.
- Identification of match funding or other funding sources; the entity must have outside funding sources and a listing of partners and other organization that will contribute to the funding of the entity. Entity must describe how the other partnerships contribute to the program. The entity cannot solely rely on the funding received in this RFP.
- Total amount of funds from all sources for each category.
- **Budget Summary** - The budget summary is a skeletal outline showing how the OJT/SS program's total cost is allocated to line items. The budget summary should provide the main budget line item categories, identification of whether funds are in-kind or requested and the total amounts for each category in a table format.
- **Budget Narrative** - The budget narrative follows the budget summary table in the OJT/SS SOW. Everything included in the budget narrative should have previously been stated in the OJT/SS SOW.

An operation-based budget will be required for the reporting period. An operational-based budget is a budget that includes line items of all expenses that are not tied to specific tasks. Program funds can be used to support the salary of a full-time or part-time coordinator used exclusively to implement an “in-house” OJT/SS program. An operational budget generally includes items such as: salaries (professional and support staff); fringe benefits (e.g., unemployment insurance, medical insurance); travel expenses (mileage, lodging, and no meals); indirect costs/overhead (e.g., office expenses including copying, telephone, and postage); contractual (hired for the OJT/SS program); marketing (e.g., advertisements, brochures, newsletters); technical training and seminars (e.g., meeting space, trainers and equipment rental); other expenses e.g., registration fees and printing.

The following chart represents the line items that will be allowed for the budget for the reporting period. **Column 4 may be modified; however, the line item for Personnel/Fringe cannot exceed \$20,800.56 for the St. Louis and Kansas City areas, and \$20,800.58 for the Outstate area. Retention/Placement must remain at \$8,333.35 for the St. Louis and Kansas City areas, and \$8,333.30 for the Outstate area.** The total maximum amount for personnel shall not exceed \$18,233.90 (for each of the 3 areas of the state). The remainder amount of \$7,700.00 (for the entire state) under personnel shall be used for student wages as outlined above. The total amount in Column 4 cannot exceed \$54,738.33 for the St. Louis and Kansas City areas and \$54,738.34 for the outstate area. Please note that FHWA/MoDOT has the right to adjust the line item amounts if they feel the amounts are excessive. FHWA must approve each line item dollar amount assigned by the Offeror prior to award.

A narrative explaining how the funds will be used should be provided. This narrative should correspond to the information provided in your budget summary and provide further information on each line item submission. For example, under the line item personnel you should indicate the positions and dollar amounts that will represent the personnel line item. MoDOT will provide reimbursement to heavy highway contractors who place graduated students on federal-aid heavy highway projects. Reimbursement will be made up to 1,000 hours per student at the rate of \$10.00 per hour. If the project the student is placed on already has an OJT goal placed on the project this additional reimbursement will not be allowed.

- All contracts will be on an actual cost reimbursement basis. Invoices must contain the proper documentation outlining the cost to be reimbursed and must include receipts, cancelled checks, any other proof of payment, payroll printouts, etc. Reimbursement will only be made for items utilized for the program and outlined in the contract (i.e. supplies, salaries, etc.). Invoices must be submitted by the 10th day of the following month along with the monthly report. Funding must be expended in a timely manner. When the performance period is 25% completed, 25% of the funding must be expended (invoiced). When 50% of the performance period is completed, 50% of the funding must be expended (invoiced), etc.

Prior to award and during the contract period, MoDOT reserves the right to make modification to the budget.

Evaluation and Monitoring Plan

- The evaluation/monitoring plan is one of the most important portions of the RFP. FHWA requires all recipients of funding to use one or more evaluation/monitoring instruments, which track progress and demonstrate achievement of the program objectives.
- The OJT/SS SOW **MUST** include a narrative explaining in detail the evaluation/monitoring plan that will be implemented for the OJT/SS program. This plan should include how data will be gathered, evaluated, and monitored. In addition, descriptions of the evaluation/monitoring instruments **MUST** be outlined. All OJT/SS programs approved for funding must show accountability for the Federal dollars received. This will be achieved through on-going evaluation, monitoring and analysis of the OJT/SS program.

Reporting Requirements

- For program goals and objectives monthly and quarterly reports are required to be sent to MoDOT (**may be emailed**) and must include sufficient data and narrative to help evaluate performance, identify problems and recommend solutions. At a minimum, the reports must include accomplishments for each goal and objective. There will be attachments to the report that must be completed on a monthly basis. **If the monthly reports are not submitted payments will be withheld until the monthly reports are submitted.** An annual performance report upon the completion of the one-year program implementation is also required within 15 calendar days after the end of the fourth quarter. Accomplishments outlined must be tied to the goals and objectives. MoDOT

will conduct a meeting with each recipient upon receipt of the monthly, quarterly, and annual reports to discuss the contents of the report and provide necessary feedback and guidance as needed.

The OJT/SS SOW report MUST:

- a. Describe the data collection process and analysis methods that will be used to measure each program objective.
- b. Identify in detail all accomplishments to date for the OJT/SS program (What did you accomplish, How many individuals were trained, how many students were placed in heavy highway construction positions upon graduation, identify participant enrollment by race, gender, etc.).
- c. Identify any problems to date for the OJT/SS program and offer possible solutions in overcoming these problems (What changes could be made to improve the program?)
- d. Include any additional information (i.e. questions, concerns, problems, challenges, improvements/recommendations for administration of the program, etc.) which might be helpful?
- e. Include information on how information will be kept to track trainees receiving training on Federal-aid highway construction projects for up to 6 months during periods when their training is interrupted. Such contracts shall also require the entity to conduct a 6 month follow up review of the employment status of each graduate who completes an on-the-job training program on a Federal-aid highway construction project subsequent to the effective date of the contract for supportive services
- f. Include the name, address, phone number of each student enrolled in the program. In addition, information regarding the gender, age, race, ethnicity and economic status of each student will be required.
- g. Attendance records, progress reports, student counseling reports, drug testing results, monthly achievement reports and appropriate skill assessments.
 - h. The entity will be required to provide proof of GED attainment. In addition, documentation will be required to verify all students have a diploma or GED certification upon completion of the OJT SS reporting period.
 - i. The entity will be required to submit documentation outlining tools or pieces of equipment used in training and demonstration to each student.
 - j. The entity will be required to provide documentation showing training and education of students in work readiness, computer literacy, financial management, drug awareness and counseling. Documentation will include attendance records, copies of certifications obtained in OSHA, First-Aid/CPR, CDL licensing, traffic control flagging, etc.

- k. The entity will be required to provide documentation showing graduation of students, including number of graduates, and how many of those graduates enter the workforce, those who retain a job for at least 6 months, and those who enter federal aid-highway jobs. In addition, quarterly reports for a period of two years after the reporting and contract period is requested to track and maintain records on graduates regarding job placement and employment status.
