Title: **SFS 7-161213RW**
Universal Testing Machine (UTM) Calibration: Service Support Agreement(s) for EM Machines, Hydraulic Testers, Brinell Tester, Rockwell Tester, Test Press and Asphalt Direct Tension Testing Device

Description: The Missouri Department of Transportation's Construction Materials division has determined that only one source, Instron Corporation, can provide the department with a one (1) three-year service support agreement at a discounted rate for existing Instron Corporation equipment and for additional Instron Corporation equipment that may be obtained by MoDOT during this contract period. This all-inclusive service support agreement(s) will cover all costs associated with the preventative maintenance and verification of calibration for all system components. Knowledge and history of existing equipment and software of the manufacturer is critical to maintain quality testing.

Also included in the service support agreement(s) are all remedial services, travel costs, parts and labor associated with the agreement(s). MoDOT intends to issue this three-year contract in order to guarantee discount pricing for the contract period.

Contract Period: December 15, 2016 to December 31, 2019

Renewal Options: None

Agency: Missouri Department of Transportation

Supplier: Instron Corporation

Buyer: Robin Warren
