

SINGLE FEASIBLE SOURCE PURCHASE POSTING NOTICE

The Missouri Department of Transportation has determined that only one source can provide the products or services described below.

Title: 7-SL141016– Maltene Restorative Seal

Description: The Missouri Department of Transportation, St. Louis District, has determined to evaluate and test CRF® Maltene –Based Restorative Seal to the surface of bituminous pavements to determine the capability of the material to decrease viscosity and increase the penetration value of asphalt binder. Tricor Refining owns all rights associated with CRF® and is the only refinery in the United States that buys the specific crude stock to refine into the maltene based CRF®. Corrective Asphalt Materials, CAMLLC (CAM) is one of only four companies that have exclusive, territory manufacturing, and application agreements with Tricor Refining. This proprietary nature of this product CAM is the sole manufacturer in the assigned territory for Illinois, Missouri, Arkansas, Mississippi, Alabama, and Iowa.

This notice shall meet the single feasible source posting requirements for evaluation purposes only and in association with the needs described. The approximate value of this product has an accumulated projects estimated cost of \$140,000 and associated costs.

Issues with this purchase may be directed to Terri Mount, Senior Procurement Agent at 314-301-1431 or Teresa.Mount@modot.mo.gov, until October 16, 2013.
