Crafco Inc. equipment and parts warranty policy and procedure

All Crafco equipment is sold with a limited one year warranty from the in-service date*

* Machine limited warranty does not cover wear items or damage due to abuse or machine modification(s). Any modification not approved by Crafco Inc will void the machine warranty. If the machine is registered either on-line or via the mailed warranty card; the warranty period begins from the in-service date. If the machine is not registered with Crafco Inc.; the warranty period begins at the date of invoice.

** Wear items are not covered under Crafco Inc. limited warranty. A wear item is defined as but not limited to: material pumps, sealing tips, tires, asphalt hoses, cutters, cutterheads, cutter pins, etc.

Note: All engine warranties are covered through the engine manufacture for a period of two years from invoice date. If you need information for an engine distributor, please contact Crafco Inc. and we can provide a list of the nearest engine distributor in your area.

Crafco Inc. warrants parts purchased through Crafco or one of it's affiliated distributors for one year from purchase **. If a part fails to function within the first year of purchase, a return authorization number (RA) must be obtained. If the part was purchased through Crafco Inc. please contact Dena Bernstein dena.bernstein@crafco.com for a RA number or if purchased through a Crafco distributor please contact the distributor. Note: if the part has a serial number associated with it, for example; a machine or electric hose or wand, this must be furnished to Eric when requesting the RA number. The customer will be emailed or faxed a RA form with all instructions to return the item to Crafco Inc. If the part is found to be within the one year warranty period and has not been abused or modified, a credit will be issued to the customers account or credit card. The customer may request the part be replaced instead of a credit, if desired.

Note: if the part returned is an electric hose or wand, it will be repaired (if possible) and returned to the customer. The repaired hose or wand has a six- month warranty from the return date.

The same procedure should be followed if a customer has purchased a part but it is no longer needed. If the part is returned within 30 days of purchase, no restocking charge is applied. If a part is returned after 30 days of purchase a 15% restocking charge will be applied to the customers account. Crafco Inc. will not accept the return of parts that are obsolete or not in saleable (new) condition.

**** All parts returned are tested and evaluated. If the part has been modified in anyway without prior consent from a Crafco Inc. representative, warranty is void.

COOPERATIVE AGREEMENT NOTICE

The Department is interested in assisting Missouri governmental entities, etc. in purchasing equipment, various materials and supplies that meet the Highway and Transportation Department specifications.

Each bidder is asked to indicate below whether they would be willing to offer *melter applicators and pavement cutters* listed in the attached "Request for Bid" for sale to these local political entities at the same bid price offered to this Department.

It is understood the Department will not issue purchase orders, accept delivery nor make payment for these items ordered by any of these agencies. It is further understood the price is based on the *melter applicators and pavement cutters* meeting the Department specifications. Any added options, deletions, or extra freight costs would be negotiated between the local agency and the successful vendor.

Indicate below whether your company is willing to offer such cooperative purchasing for Missouri counties, cities or other political entities.

YES ✓ NO

If the price varies throughout the state on Department bids because of different delivery destinations, please indicate the price f.o.b. your location that would be offered as described.

F.O.B. Location Destination

Indicate the deadline date that orders will be accepted. 6/30/17
