SINGLE FEASIBLE SOURCE PURCHASE POSTING NOTICE

The Missouri Department of Transportation has determined that only one source can provide the products or services described below

Title: Clean/Dirty Cinders Procurement File #7-NW-17-075

Description: Headwaters Resources, Inc. controls the distribution of coal slag materials (cinders) that are a by-product of electrical generation activities at the Thomas Hill Power Plant. These materials come in two forms: clean and washed cinders and dirty cinders. MoDOT will use materials from this supplier, as needed during the contract period for various projects. The supplier will submit individual pricing proposals for materials when requested. MoDOT will have the right to accept or reject any pricing proposals received.
