

**ADDENDUM 001  
REQUEST FOR BID  
Fire Extinguisher Services  
Request for Bid SE16-B535-RJ**

See the following for clarification to questions that have been asked. The due date for receipt of proposals is **unchanged** by this Addendum. All other terms and conditions remain unchanged and in full force.

**1. Page 9 – Inspection Locations and Page 10 – Recharging Locations**

What is unique about the locations listed on page 10 as *recharging locations* vs. the locations listed on Page 9 as *inspection locations*?

- Inspections & tagging have to be conducted on site at each inspection location.
- Recharging & servicing can either be conducted on site or taken back to the contractors facilities.

**2. Page 4, 2.2.2, e**

Contractor must be capable of recharging and replacing dry chemicals while performing inspections. Recharging service will be performed at the southeast locations listed. Contractors will NOT be allowed to swap their fire extinguishers for MoDOT's. MoDOT property will be swapped for MoDOT property only.

Will there be ample fire extinguishers located at Sikeston General Services and Willow Springs General Services to "swap" out for MoDOT property as needed?

- No there is not ample spare fire extinguishers at either location for "swap" at all the locations listed in the SE District.
- MODOT property has to be serviced and returned to MODOT. The contractor cannot remove the extinguishers for servicing and leave the location without fire extinguishers. The contractor can either utilize spare fire extinguishers at our locations or leave "loaner" fire extinguishers (as supplied by the contractor) in place, while servicing our fire extinguishers. The original MODOT fire extinguishers shall be returned to MODOT once servicing is completed. Note: contractor should get approval prior to disposing of condemned fire extinguishers.
