Replacement Dump Body/Flatbed

The Southeast District requests bids for replacement dump bodies and flatbeds to extend the life of existing equipment. This will be a multi-award contract to address needs within the district as they arise. Approximately 4 beds are expected to be replaced within the next year. However, there is no guarantee as to any quantity that may be purchased. Vendor selection will be based on truck location, type of dump body or flatbed to be replaced, pricing and completion time required by the vendor. Contract period will be from April 1, 2015 through September 30, 2015 with the option to renew.

Trucks will be delivered to the vendor and picked up by MoDOT personnel. Vendor will remove the old bed and provide MoDOT with scrap price for the metal. Existing hydraulics, lights, hoists and tarp systems will be reused. The type of hoists will vary between trucks. Tarp systems are typically either Aero or Pulltarp brands. If a defective item is found during the replacement process, authorization must be obtained from MoDOT prior to replacement. Dump body color will be yellow. Flatbed color will be black with an option provided for yellow. Specifications and a listing of the counties within the Southeast district have been provided.
