On-Call Hauling Service

MoDOT Southeast District seeks pricing for **On-Call Hauling Services** to move materials such as sodium chloride (*salt*), aggregate (*rock*), premix, sand, cinders, etc. between facilities within the 26 counties we service on an as-needed basis. Counties include Bollinger, Butler, Cape Girardeau, Carter, Dent, Douglas, Dunklin, Howell, Iron, Madison, Mississippi, New Madrid, Oregon, Ozark, Pemiscot, Perry, Reynolds, Ripley, Scott, Shannon, St. Francois, St. Genevieve, Stoddard, Texas, Wayne and Wright.

Contractors will be paid a flat rate for each call out/mobilization fee to cover the cost of equipment and manpower in place at the originating point and returning at the completion of the project, plus a "per mile" rate for the mileage involved in hauling materials, as described (*origin to destination only*). Rates are to be provided on a county by county basis as listed on the pricing page.

Award will not be made to a specific contractor. All who respond with pricing and other required documentation will be pre-approved/pre-qualified. Additional vendors may be added at later dates to best serve the interests of MoDOT regarding location, etc. A haul rate chart with contact information will be issued to MoDOT personnel so a contractor selection may be made based upon project location, price and availability when and if a need for this service arises.

Note: Pre-approval/pre-qualification does not guarantee any work during the agreement period if services are not needed.

When a need for service arises, MoDOT will determine the amount of material to be hauled from the originating county (*pick up point*) to the destination (*delivery point*) and compute the number of trips required to complete the movement (*based on an average of 25 tons per load*) and the mileage involved. The "lowest and best contractor" will be determined by MoDOT and contact made to work out the details of the specific job (*material/tonnage requirements, # of units needed, time frame for work completion, routes, actual mileage, etc.*)

MoDOT facilities do not have scales, therefore weighing of materials will not be required. Contractors and MoDOT loading crews are expected to use their knowledge of truck capacities, materials and loading capabilities to ensure trucks are loaded to capacity without exceeding legal weight limits (*averaging 25 tons per load*).

Demurrage

MoDOT will be allowed one-half (½) hour for loading/unloading each truckload of material free of demurrage, from start time agreed upon between MoDOT and the contractor. If MoDOT delays the contractor from loading/unloading material for greater than one-half (½) hour, the contractor shall be compensated at the rate of \$60 per hour, computed to the nearest 15 minutes. However, the contractor is given the same allowance for performance and delay on the contractor's part exceeding one-half (½) hour will allow MoDOT to be compensated at the same rate of demurrage by deducting this from the invoice before payment for services is made. It is expected that MoDOT and contractors will be communicate and work together as situations arise to limit such charges.

Fluctuating Market Conditions/Seasonal Availability Changes

Prices quoted shall be **FIRM** for the agreement period. However, MoDOT recognizes current economic conditions and market fluctuations have an impact on the contractor's ability to quote and lock-in pricing for this service. **Therefore, contractors will be allowed to submit revised prices to MoDOT Southeast District, no later than 1:00 PM on the last Monday of each month.** Revisions received will go into effect the first day of the following month.

When revisions are received, an updated haul rate chart will be prepared and issued to personnel upon the effective date. Revised prices/terms replace previously quoted prices/terms and shall be **FIRM** for the next full month and/or the remainder of the agreement period, if no other revisions are received.

SPECIAL TERMS AND CONDITIONS

Insurance

The Contractor shall maintain or cause to be maintained at Contractor's own expense commercial general liability, automobile liability, workers compensation insurance against negligent acts, errors or omissions of the Contractor, or its subcontractors and anyone directly or indirectly employed by any of them. If any “Standard Solicitation Provisions” and “General Terms and Conditions” below conflict with any requirements outlined on previous pages, the requirements above take precedence.

Tax Exempt Status

The Missouri Highways and Transportation Commission (MHTC) is exempt from paying Missouri Sales Tax, Missouri Use Tax and Federal Excise Tax. However, the Contractor may themselves be responsible for the payment of taxes on materials they purchase to fulfill the contract. A Project Tax Exemption Certificate will be furnished to the successful Bidder upon request, if applicable.

Right of Acceptance/Rejection

MoDOT reserves the right to reject any or all bids/quotes/proposals, and to accept or reject any items thereon, and to waive technicalities. In case of error in the extension of prices in the solicitation response, unit prices will govern.

General Performance

This work is to be performed under the general supervision and direction of MoDOT and, if awarded any portion of the work, the Contractor agrees to furnish at his/her own expense all labor and equipment required to complete the work, it being expressly understood that this solicitation is for completed work based upon the price(s) specified according to the scope of work and the requirements and specifications detailed within the solicitation documents.

Invoicing and Payment

Each invoice should be itemized in accordance with items listed on the purchase order and/or contract. The statewide financial management system has been designed to capture certain receipt and payment information. Therefore, each invoice submitted must reference the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment. Unless otherwise provided for in the solicitation documents, payment for all equipment, supplies, and/or services required herein shall be made in arrears. The MHTC shall not make any advance deposits. The MHTC assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Authorized quantity is subject to the MHTC's rejection and shall be returned at the Contractor's expense. The MHTC reserves the right to purchase goods and services using the state-purchasing card.

Inspection and Acceptance

No equipment, supplies, and/or services received by MoDOT pursuant to a contract shall be deemed accepted until MoDOT has had reasonable opportunity to inspect said equipment, supplies, and/or services. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the Contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected. The MHTC reserves the right to return any such rejected shipment at the Contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received. The MHTC's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the MHTC may have.

STANDARD SOLICITATION PROVISIONS

- 1) "By signing this Agreement, the Contractor hereby certifies that any employee of the Contractor assigned to perform services under the contract is eligible and authorized to work in the United States in compliance with federal law."
- 2) In the event the Contractor fails to comply with the provisions of the Executive Order 07-13, or in the event the Commission has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States in violation of federal law, the Commission reserves the right to impose such contract sanctions as it may determine to be appropriate, including but not limited to contract cancellation, termination or suspension in whole or in part or both.
- 3) The Contractor shall include the provisions of this paragraph in every subcontract. The Contractor shall take such action with respect to any subcontract as the Commission may direct as a means of enforcing such provisions, including sanctions for noncompliance.

The MHTC may cancel the Contract at any time for a material breach of contractual obligations or for convenience by providing Contractor with written notice of cancellation. Should the MHTC exercise its right to cancel the contract for such reasons, cancellation will become effective upon the date specified in the notice of cancellation sent to the Contractor.

Bankruptcy or Insolvency

Upon filing for any bankruptcy or insolvency proceeding by or against the Contractor, whether voluntarily, or upon the appointment of a receiver, trustee, or assignee, for the benefit of creditors, the Commission reserves the right and sole discretion to either cancel the Agreement or affirm the Agreement and hold the Contractor responsible for damages.

Status of Independent Contractor

The Contractor represents itself to be an independent Contractor offering such services to the general public and shall not represent itself or its employees to be an employee of the MHTC. Therefore, the Contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers' compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save and hold the MHTC, its officers, agents and employees harmless from and against any and all losses (including attorney fees) and damage of any kind related to such matters.
