SINGLE FEASIBLE SOURCE PURCHASE POSTING NOTICE

The Missouri Department of Transportation has determined that only one source can provide the products or services described below.

Title: 7-SL161120 –TYPE B BARRIER WALLS

Description: The Missouri Department of Transportation, St. Louis District and the Missouri Highways and Transportation Commission agree that only one company, Champion Precast, of Troy, MO., may have the authority and experience to produce Type B Barrier Walls as replacement to damaged Type B walls as currently installed on I-44. The Commission recognizes that it is requesting Champion Precast to produce a product that no longer conforms to the Commission's prevailing standards. Therefore, the Commission will be fully responsible for any and all matters arising out of the placement and use of the Type Barrier on the Commission's right of way. These units were part of the original design of the Interstate 44 Corridor and must maintain the original design or replacement units until 2018 when it is scheduled to be re-designed. Therefore, the annual expected dollar figure of replacement as needed units is estimated not to exceed \$5000.00
