

MoDOT US 40 – I-435 to Blue Ridge Blvd.

Multimodal Safety and Operational Improvements

Jackson County, Missouri

Project Overview:

The Missouri Department of Transportation’s (MoDOT) US 40 Multimodal Improvements project aims to enhance safety and improve operational efficiency along a 3-mile urban arterial corridor between I-435 and Blue Ridge Boulevard in Jackson County, Missouri.

Why the Project is Needed:

This project holds significant importance for the local communities of Kansas City and Independence, as well as for travelers who commute through the corridor.

Its impact extends across multiple jurisdictions, reflecting the diverse interests and needs of various stakeholders.

The project’s urban setting presents unique opportunities, emphasizing a multimodal approach that aims to improve accessibility and safety for pedestrians, bicyclists, and motorists alike.

Project Goals:

Emphasis on Multimodal Solutions

Improve Operations for all Users

Enhance Safety

We Want to Hear from You:

Your **comments** are very important and could help shape the nature of future improvements. The public can make comments until **4:00 p.m. on July 29, 2026**, by either of the following methods:

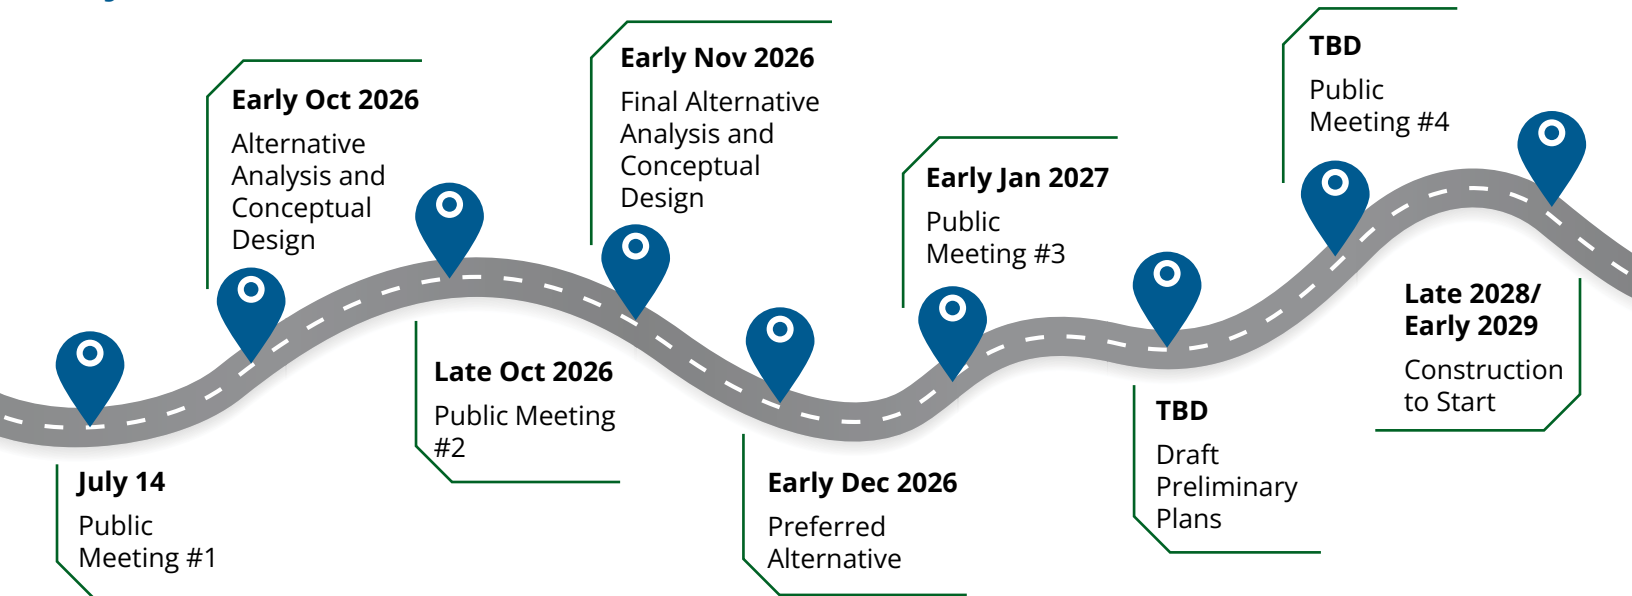

Scan the QR Code to drop a pin on the interactive map and leave a comment.

Scan the QR Code to fill out the online survey.
