

Understanding the Flashing Yellow Left-Turn Arrow

Remember: flashing yellow = turn with caution

A solid red light means STOP. Drivers turning left must stop and wait.

A solid yellow arrow warns drivers that the left-turn signal is about to go to red and they should prepare to stop, or prepare to complete their left turn if they are within the intersection.

A flashing yellow arrow means turns are permitted, but you must first yield to oncoming traffic and pedestrians and then proceed with caution. Oncoming traffic has a green light.

A solid green arrow means it is safe to turn left. Oncoming traffic must stop.
