Traffic Changes Coming to Route 94/Mid Rivers Mall Drive

MoDOT and its contractor, Page Constructors, are working to make the final connection from Route 364/Page Phase 3 to the existing stretch of Route 364. In order to do that, two major traffic changes will need to happen.

Crews will switch traffic on westbound Route 364/Route 94 to the new bridge starting at 6 p.m. Friday, September 26. That will require traffic be reduced to one lane. In addition, motorists coming from Mid Rivers Mall Drive will need to yield before merging with westbound Route 364/Route 94 traffic.

The lanes will reopen by 5 a.m. Monday, September 29. At that time, drivers coming from westbound Route 364/Route 94 will

have two lanes on the new bridge to continue onto westbound Route 94. This will be a temporary traffic condition until the new Route 364 opens.

In addition, a roughly month-long detour of eastbound Route 94 will begin following morning rush hour on Monday, September 29. Crews will close all lanes of eastbound Route 94 at Mid Rivers Mall Drive. Traffic will be required to exit at Mid Rivers, go through the intersection and back onto eastbound Route 94/Route 364. The detour will be in place until the second half of the project opens in late October. For more details on the closure, go to www.modot.org/Route364.

You're Invited...to the Opening of the First Half of Route 364

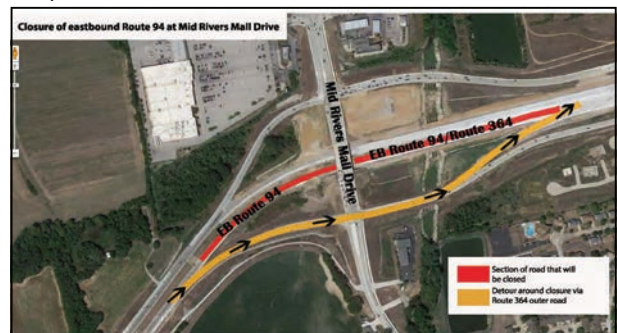

The first half of the new Route 364/Page Phase 3 from Interstate 64 to Route K will open to traffic the weekend of October 4.

Before the road opens to motorists, the public is invited to walk, run or ride their bikes from 11 a.m. to 3 p.m. on Saturday, October 4. A ribbon cutting ceremony will be held at 2 p.m.

Fleet Feet and St. Charles Kiwanis will sponsor the One and Done 5K run in the morning. For more information on the events, go to www.modot.org/Route364 and click on the link for the event.
