Annual Construction Map Now Available Online

The annual St. Charles County construction map is now available on the MoDOT website. The map outlines the funded projects that will be taking place over the next two years on MoDOT routes in St. Charles County.

Included on the list is a pavement improvement project on eastbound Interstate 64 between Route 94 and the Missouri River. The work will begin this summer and will coincide with the opening of the new eastbound Boone Bridge.

Also on the list is a resurfacing project on Interstate 70 between Mid Rivers Mall Drive and Route K. That project is scheduled to begin this spring.

The 2016 list includes a resurfacing project on Interstate 70 between the St. Charles-Warren County line and Wentzville, as well as improvements on Route 61 from Peine Road to Route A.

The full map can be found at www.modot.org/stlouis/major_projects/documents/2015-2016StCharlesConstructionMap.pdf.

ACEC, ACPA Honor Route 364/Page Phase 3 Project

Route 364/Page Phase 3 has only been open a few short months, but it is already picking up some prestigious awards.

The St. Charles Economic Development Center honored MoDOT and its Route 364/Page Phase 3 team with the January 2015 Business Spotlight Award. The monthly award honors businesses for being an economic benefit to St. Charles County.

Parsons Corporation, which served as the lead designer of the nine-mile road, was awarded the Engineering Excellence Honor Award from the Missouri chapter of the American Council of Engineering Companies.

The American Concrete Pavement Association honored the project with the best pavement award for an urban divided highway project in Missouri and Kansas. The project is now eligible for the ACPA national award.
