Pete K. Rahn, Director

October 19, 2006

Dear Legislator:

We know it's important for you as an elected official to be aware of transportation projects planned or under way in your area. For your information and reference, we are attaching the most recent list of approved highway projects in your legislative district.

These projects are part of the 2007-2011 Statewide Transportation Improvement Program (STIP), which the Missouri Highways and Transportation Commission recently approved. The STIP is a comprehensive list of state transportation projects planned for the next five years, barring any unforeseen obstacles in the development process.

In addition to road and bridge projects, the STIP includes aviation, rail, waterways and public transit projects for which the Missouri Department of Transportation is responsible. You can review the complete plan online at www.modot.org. A copy is also available in the legislative library or upon request.

Public involvement is a key component in developing the STIP. It starts with us working with local governments to determine project priorities and continues through various forms of public involvement that gives Missourians an opportunity to share their thoughts and opinions.

I hope you find this information helpful. Please call me at 573-751-4622 or Jay Wunderlich, governmental relations director, at 573-751-8273 if you have any questions or comments or if we can provide you with additional information.

Sincerely,

Pete K. Rahn
Director

cc: Jay Wunderlich

Missouri Highway and Bridge 2007 – 2011 Scoping and Design Projects

The purpose of this section is to identify potential future projects. These projects may be in the evaluation stage, which is called project scoping, or may be further along in the preliminary design process. **Projects listed in this section are not commitments to construct or implement an improvement.**

After needs have been identified and prioritized, the higher priority needs are included in this section. Next, a core team is formed, comprising personnel from various MoDOT departments. The core team investigates the problem or concern. The core team develops several solutions that may be either short term or long term. Some problems have no transportation or construction solution and instead may require public education or assistance through law enforcement.

Once a solution is selected, additional preliminary design work occurs. Design progresses up to a point at which MoDOT is confident the solution will properly address the problem or concern and of the improvement's cost. The potential project moves into the next stage of the planning framework, which is the prioritization and selection of projects for construction. Projects that have been prioritized and selected for construction are listed in the construction program (see Section 4.) Only the construction projects in Section 4 represent a commitment by MoDOT to build the project.

Please see Section 2-2 through 2-5 for additional discussion regarding how a need becomes a project through the planning framework process of identifying and prioritizing needs, to developing solutions, to prioritizing and selecting projects for construction.

The amount of time a potential project spends in the scoping and design phase varies. Some potential projects are more complex than others, and they might remain in the scoping and design phase for several years. This is especially true for projects such as Missouri and Mississippi River bridge replacements, new roadway construction, or converting a two-lane road to a four-lane road.

County	Route	Job Number	Improvement and Location
Jefferson	IS 55	6I1010D	Scoping for interchange improvements at Rte. M interchange.
Jefferson	IS 55	6I2050	Scoping for the addition of 27 parking spaces, fencing and lighting to the existing commuter lot at the McNutt Street interchange on the east side of the west outer road in Herculaneum.
Jefferson	IS 55	6Q1834	Scoping for installation of ITS devices from Rte. 141 to the truck weigh scale facility.
Jefferson	MO 110	6S1984	Scoping for pavement repair, resurface and replace shoulders from Rte. 21 to Rte. CC and turn lanes at Athena School Road, East Upper Platin Road and Upper Platin Road.
Jefferson	MO 141	6P1836	Scoping for signal interconnect improvements to ITS requirements from Rte. 30 to I-55.
Jefferson	MO 30	6P1835	Scoping for improvements to signal facilities to arterial ITS from Rte. W/MM to I-270.
Jefferson	MO 30	6S1962	Scoping for mill, resurface, regrade shoulders and remove and replace curb and gutter sections from the Franklin County line to the four-lane section west of Rte. B.
Jefferson	RT MM	6S1051	Scoping for an environmental impact study (EIS) for Rte. MM four-lane relocation from Rte. 30 to Heads Creek Road and widen existing Rte. MM to four-lanes from Heads Creek Road to Buckeye Valley Road.
Jefferson	RT MM	6S2027	Scoping for vertical and horizontal alignment, shoulders, turn lane additions, guard rail modifications, drainage and signing from 500' east of Geerdes to west of Miller Road and east of Sycamore Springs Road to west of Buckeye Valley Road.
Jefferson	RT N	6S1981	Scoping for resurface and new curb and gutter from Rte. 21 to Thomas Street and full depth asphalt pavement replacement from Thomas Street to Donnelly Street.
Jefferson	RT WW	6S1964	Scoping for replace two bridges including 1500' of pavement at each end of the bridges over Ditch Creek and Maupin Creek (two disconnected sections).
Jefferson	US 61	6S1961	Scoping for resurface, regrade shoulders and guardrail replacement at two bridges from I-55 @ Airport Road to the St. Genevieve County line.
Jefferson	US 61	6S1963	Scoping for sandblast, paint and sealcoat substructure over Joachim Creek.
Jefferson	US 61	6S2064	Scoping for signal interconnects at Rte. 61/67 from north of Meramec River to Rte. 231, I-55 at Richardson Road interchange, I-55 at Imperial Main interchange, and I-55 from Rte. 61/67 to Windsor Harbor.

2007 - 2011 Highway and Bridge Construction Schedule RSMo 21.795.2.(3)

The Highway and Bridge Construction Schedule identifies highway and bridge projects funded for right-of-way acquisition and/or construction during the five-year period between July 1, 2006, and June 30, 2011.

Projects on this schedule are funded and represent a commitment to implement an improvement, purchase right-of-way and or construct. Projects on this schedule with right-of-way funding only represent a commitment to buy right-of-way, not a commitment to construct.

There are a number of assumptions and requirements that must be met for project construction to begin. Some assumptions and requirements apply to all projects. Other assumptions and requirements vary depending upon the complexity of the project. These assumptions are:

- The assumed funding levels from state and federal sources are reached.
- All environmental requirements and clearances are obtained.
- Any legal matters are resolved.
- Right-of-way acquisition and utility relocation occur as scheduled.
- Concurrence is obtained from the metropolitan planning organizations for projects in the Columbia, Joplin, Kansas City, St. Joseph, St. Louis, Springfield, and Jefferson City areas.

PROJECT DESCRIPTION KEY

2007-2011 Highway and Bridge Construction Schedule

Construction contingency at a rate of three percent or at the District's discretion is applied to the construction cost in the year the project is awarded.

Four percent inflation compounded annually is applied to right-of-way and construction in program years 2, 3, 4, and 5.

No inflation is applied to the Funding From Other Sources (FFOS).

Incidentals include PE costs, CE costs, and R/W incidentals.

Project Estimate Total includes costs to date and estimated future costs.
