

Safe & Sound Bridge Improvement Program

The intent of the Safe & Sound Bridge Improvement Program is to provide for the rehabilitation/replacement of 802 bridges in poor condition throughout the state. Each county in Missouri will have at least one bridge improved as a result of this project. The list of bridges includes a majority of condition 3 and 4 structures, many of which are located on supplemental routes. Condition 3 and 4 bridges are structures that are still safe for the traveling public, but warrant rehabilitation or replacement work. The budget estimate for replacing or rehabilitating these 802 bridges is \$700 million.

There are 554 bridge replacements included in a single design-build package. The request for qualifications for this project was issued in October 2008, and a short-listing of the most highly qualified submitters occurred in December 2008. This project was awarded in late spring 2009. This contract requires the awarded team to perform the project management, design and construction of these structures. The remaining 248 bridges will be rehabilitated using a modified design-bid-build approach, where projects will be grouped by type, size or location to accelerate construction schedules. 109 of these structures plus one project advanced into 2009 were awarded in SFY 2009 (quick-start bridges). The remaining 138 structures will be awarded between state fiscal years 2010 and 2013. These projects are included in the 2010-2014 STIP. The modified design-bid-build projects have been grouped together by MoDOT districts and job number. For example job 6B0801B is identified as 6 = MoDOT district, B = Safe & Sound Bridge, 0801 = rural bridge/0802 = urban bridge, B, C, D etc. to the various number of jobs per district.

Existing cash balances allowed the Missouri Highways and Transportation Commission to begin awarding the 110 quick-start bridges immediately using advanced construction and MoDOT anticipates utilizing advance construction on all 802 bridges. The earliest date for conversion of advance construction will be in 2011. Grant Anticipation Revenue Vehicle or GARVEE bonds are necessary to finance the Safe & Sound Program. MoDOT will issue multiple series of bonds totaling \$700 million and these issuances are anticipated to begin in SFY 2011. The projects are programmed with \$50 million in annual payments on these bonds, beginning in SFY 2011 and continuing for approximately 25 years. Federal Highway Bridge Program (HBP) and Surface Transportation (STP) funds will be obligated on these bridges based on their eligibility.

A budget for the three components of the revised Safe & Sound Bridge Improvement Program was established by applying a cost per square foot of bridge deck area to the bridge deck area of each component. They include various elements such as engineering, utility relocations, right-of-way, bridge rehabilitation or construction and roadway construction in order to identify programmatic level budgets for these elements.

Table 4-1 lists the 554 bridge replacements included in the design-build package of the Safe & Sound Bridge Improvement Program. Duplicate bridge numbers represent two independent structures on the same route for both directions of traffic. Using an assumed cost of \$225 per square foot of bridge deck area applied to 2,200,000 square feet, the resulting budget for replacement of these 554 bridges is \$495 million. This project was awarded to KTU Constructors in a special meeting of the Missouri Highways and Transportation Commission on May 21, 2009. The project was awarded at a cost of \$487 million with a completion date by the end of 2013.

Table 4-2 lists the awarded 110 quick-start bridges to be delivered through the modified design-bid-build delivery method. This table also identifies award dates and job numbers for each bridge. Locations of each bridge are shown on a statewide map following the table.

Table 4-3 lists the programmed 138 bridges to be delivered through the modified design-bid-build delivery method over the next five years. Locations of each bridge are shown on a statewide map following the table. Specific projects for these bridge improvements are included in the appropriate district project listing in Section 4.

Updated information may be found at www.modot.org/safeandsound.
